

VISION

To deliver a double-stranded curriculum that is essentially skills based with the inclusion of core academic subjects.

“Skills for Life”

MISSION

- Life Skills lessons will be taught everyday to foster independent living, employability, healthy living & participation in society.
- Every pupil will leave being prepared for adulthood & with employer recognised accreditations & qualification.

“Skills for Life”

CURRICULUM INTENT

- An ambitious curriculum that combines learning core subjects & real life skills.
- A curriculum that is successfully adapted, designed & developed for pupils with a primary diagnosis of Autism.
